

KT Fittings

1-Piece Couplings

Compression-style non-skive hydraulic hose fittings, with RoHS-compliant Trivalent Zinc plating, compatible with virtually all Crimp Machines

The KT fitting type from NRP Jones is available in a wide assortment and configurations ranging in sizes ¼-inch (-04) up to 1.25-inch (-20).

The KT fitting is designed and compatible with SAE 100R1; SAE 100R2; SAE 100R16 and SAE 100R17 hose types.

This compression style non-skive type 1-piece fitting can be easily crimped in all adjustable style crimpers and is also compatible with virtually all types of positive/dead-stop style crimp machines. Final crimp dimensions are available and published on the NRP Jones **MyCrimp™** app and also available on our website at www.nrpjones.com
