

POWERFLEX GOLD STRIPE

Super Choke & Kill Hose

**15,000 psi
Working Pressure**

**Extra Strength
and Flexibility**

**Temperature Range
-40°F to +212°F**

Made in the U.S.A.

POWERFLEX

GOLD STRIPE Super Choke & Kill Hose

Construction

Application: Flexible hose used in offshore drilling to control well kicks caused by pockets of high pressure gas that get into the drill string.

Tube: Black, Hydrogenated Nitrile (HNBR) which is suitable for oil based fluids and H₂S service.

Reinforcement: Multiple plies of bias laid nylon cord for extra strength and flexibility. Spirally wound, high tensile strand cables to provide unsurpassed ruggedness and reliability to withstand sudden high pressure.

Cover: Black, oil, weather, and abrasion resistant Neoprene (CR) with optional stainless steel armor for extra abrasion and mechanical protection.

Fittings: Integral nipples with butt weld API flanges or hammer unions.

Temperature: -40°F to +212°F (-40°C to +100°C).

Branding: NRP Super Choke & Kill Hose. MADE IN USA.

Specifications

NRP Part Number	Hose ID (in)	Hose OD (in)	Rated WP (psi)	Test Pressure (psi)	Minimum Burst Pressure (psi)	Minimum Bend Radius (in)	Weight per Foot (lbs)
5085-40	2.50	5.84	15,000	22,500	33,750	60	28.2
5085-48	3.00	6.34	15,000	22,500	33,750	60	34.1
